...Все это подтверждает простую мысль: "русские" для Запада сегодняшнего — это евреи для Запада вчерашнего. Сотню лет назад расчеловечивать евреев можно было просто на основании этнической принадлежности, и этим спокойно занимались респектабельные политики и ныне здравствующие авторитетные СМИ Европы и Америки. Вера в "заговор сионских мудрецов" была совершенно нормальной — такой же, как сегодня вера в "русское вмешательство". Притом что имела примерно столько же доказательной базы.

По факту сегодня изменился только объект расчеловечивания. Все остальное — логика охотников на ведьм, реквизит, методы обработки массового сознания, методы накручивания обвинений и риторика — остались прежними.
